Notice of Right to Comment on Nonmetallic Mine Reclamation Plan Received by Taylor County

Notice is hereby given that the Taylor County Zoning Department will receive written public comment until 9:00 AM on Monday, September 26, 2022 for a new nonmetallic mine reclamation plan received by this department for review. Rules for nonmetallic mine reclamation are included in NR 135, Wisconsin Administrative Code. The rule is administered by the Taylor County Zoning Department and regulates the reclamation of land disturbed by nonmetallic mining operations that commenced after August 1, 2001. The operations at the site may include mining of sand or gravel as well as washing, crushing, or other mining activities. Reclamation measures may include use as ponds, agricultural, recreation land, or other. Under NR 135.20 (2)(b), Wisconsin Administrative Code, landowners adjacent to or within 300 feet of the parcel containing the nonmetallic mine may request a public informational hearing if more information is needed or if objection is filed to reclamation plan. The reclamation plan and application for the location of the nonmetallic mine listed below is available for inspection at the Taylor County Zoning Office, the Medford Public Library, the Rib Lake Public Library. A reclamation plan has been received for a nonmetallic mine at the following location:

MINE #64.
